

\$1,600,000,000 in transportation cost savings, and \$289,000,000 in business taxes;

Whereas the MKARNS contributes to 56,000 full- and part-time jobs, and 20 percent of all jobs in the United States are linked to waterborne commerce supported by the inland waterway system;

Whereas, on average, 11,000,000 tons of commodities with a value upwards of \$4,000,000,000 travels on the MKARNS annually, with sand, gravel, rock, chemical fertilizer, iron, and steel accounting for nearly 60 percent of all waterborne commerce;

Whereas inland waterways provide many recreational opportunities, such as fishing, boating, and hiking, and over 4,000 recreational vessels lock through the MKARNS and 5,400,000 people visit Corps-operated recreation areas along the MKARNS annually;

Whereas modernization of the MKARNS will empower future economic development, promote freight mobility, expand agricultural exports and oil and gas development, and relieve congestion on our roads and bridges;

Whereas the increased backlog in critical maintenance causes the economic uncertainty of complete navigation disruption on the MKARNS, which would cost beneficiaries up to \$2,000,000 per day;

Whereas Congress authorized the MKARNS to be deepened to 12 feet in 2003, and approximately 90 percent of the MKARNS is already 12-feet deep;

Whereas the capacity of each barge could be increased by 200 tons for each additional foot of draft, increasing the overall freight capacity of the MKARNS by 40 percent and resulting in over \$250,000,000 in increased business sales annually; and
